- It is important to note that MMI is a private institution and does not receive any financial support or subsidy from the state. The demands and rigour of a student-centered curriculum and environment necessitates extensive financial investment into developing the facilities, upgrading equipment, production costs and maintaining and recruiting highly specialized staff.
- Variable and personal costs (travel, meals, communication and stationery) for project related consumables are for the cost of the student.
- MMI offers an educational program in which a significant portion of a student's learning is achieved through the making of a film, tv or stage production etc. Students will have access to the equipment needed to realize their outcomes within the parameters of the curriculum.
- Students will be held financially liable for willful or negligent damage to equipment and facilities.
- Kindly submit a copy of all fee proof of payments via email or by physical drop off at the campus.
